OBJECTIVE:

AI & Data Science enthusiast skilled in Data Visualization , Python and Data Analysis. Passionate about building AI-driven solutions and active in tech communities.

EDUCATION:

- DKTE Society's Textile & Engineering Institute, Ichalkaranji.
Bachelor's Degree in Artificial Intelligence and Data Science (2022-2026) **SGPA: 8.16 (5th Sem)**
- Sai International School & Jr.College, Gadhinglaj. (2020-2022) **HSC Board: 82.83%**
- Sou.V.D.Shinde High-School, Gadhinglaj (2019-2020) **SSC Board: 96.00%**

SKILLS :

- **Programming Languages:** C++, C, Python (Intermediate), Java (Intermediate).
- **Data Base:** MySQL, MongoDB.
- **Data Analysis & Visualization:** Power BI, Pandas, NumPy, Matplotlib, Seaborn.
- **Tools & Technologies:** Git, GitHub, VS Code, ChatGPT, Cursor and other AI tools.
- **Personal Skills:** Time Management, Critical Thinking, Problem Solving, Adaptability, Leadership.

INTERSHIPS:

- AD Infocom Systems – Virtual Internship in Data Science (30 Dec 2024– 13 Jan 2025)
Applied analytical techniques to extract insights and develop data-driven solutions.
Strengthened problem-solving, data interpretation, and project execution skills.
- Cognifyz Technologies – Virtual Internship in Data Analysis (1 Dec 2024 – 31 Dec 2025)
Analyzed real-world datasets to derive meaningful insights and optimize processes.
Created dynamic dashboards for data representation and performance tracking.

PROJECTS:

- ToDoListManager – Daily Task Manager [GitHub ↗](#)
- Developed a Java console application for managing daily tasks with features like add, view, complete, and delete. Utilized MySQL for persistent storage and implemented the DAO pattern to separate business logic from database operations.
- Flight Delay Prediction- Predict delays using classification models. [GitHub ↗](#)
-Built an XGBoost classifier to predict flight delays using real-world data. Performed data cleaning, feature engineering, and hyperparameter tuning. Achieved high accuracy using ROC-AUC and confusion matrix for evaluation.

CERTIFICATIONS:

- Data Science Training (Internshala Trainings)
- Java Certification by Navin Reddy(Udemy)
- Data Science And Machine Learning(Udemy)
- Microsoft PowerBI(Coursera)

ACHIEVEMENTS:

- Volleyball champions in intra-college competitions.
